

A Giant Numbat for the Williams Lions Playground

Early 2016 the Shire of Williams accepted Project Numbats proposal to fundraise for a large Numbat play sculpture to be built in the future Lions Park Playground.

With less than 1,000 Numbats remaining in the wild and a population living nearby at Dryandra Woodland, there is no better place than Williams to become the home of this exclusive Numbat play sculpture.

Please support this project by donating or talk to us about collaborating to raise funds for this iconic project.

7.2 Park Detail - Play 1 Existing Playground enhanced with nature play elements

We need to raise \$46,000 for a fibreglass 3mtL X 1mtH Numbat by the end of December 2017.

Please consider helping by:

- Donating
- Becoming a sponsor or member
- Hold an event; BBQ, competition, dinner party or work fundraiser
- Run or host a quiz or bingo night

This iconic Numbat will raise awareness in the community and visiting tourists well into the future.

The Shire of Williams endorses this project as part the Lions Park Main Street and Connection Project, which was developed through community consultation.
