SUPPORT PACKS

We are a group of young women who are striving to make a difference in the world. Our aim is to make at least 10,000 food/hygiene packs to distribute to those in need. 3.24 million Australians live below the poverty line. We want to give back to the community and ease the burden off of parents who are struggling to feed/support their families. We are searching for dedicated female youth who are willing to sacrifice their time and efforts into helping this cause become a reality. Your role in this project will be to help shop for the items and meet up to help construct the food/hygiene packs.
