SWIM

The clean freshwater of the lake awaits him....no sharks, bluebottle jellyfish, ocean rips or chafing, just a very pleasant 22 - 26 degrees in 980 square kilometres of lake....oh and about 35,000 fresh water crocodiles!!!

By completing the swim I'll be attempting to raise \$20,000 for Sirens of Silence Charity Inc. who do amazing work to help emergency service workers and their families affected by mental illness.
